to Joseph

SAVE THE DATE: A webinar on the topics of Regional Mitigation Goals and a Process to Nominate Candidate Mitigation Site Locations is planned for February 5, 2015, from 10 AM to noon Mountain Time. An agenda will be made available about one week prior to the webinar.

Thanks to all of you who participated in our Dec 17th webinar presenting BLM's recommendations on impacts that may warrant regional mitigation from Colorado solar energy zone (SEZ) development. The webinar presentation slides, as well as tables summarizing the rationale for impacts warranting mitigation, are posted to the Project website documents page (http://www.blm.gov/co/st/en/fo/slvfo/solar/solar_regional_mitigation.html).

Reminder: BLM is requesting that comments regarding Resources that May Warrant Mitigation be submitted by January 15, 2015. Please also provide comments regarding your preferred format for future meetings (webinar or in-person workshops). Submit comments to SolarMitigation@blm.gov.

For more information about this Solar Regional Mitigation Strategy project contact Joe Vieira, Project Manager, BLM Colorado Renewable Energy Program, at 719-852-6213 or jvieira@blm.gov.
